

**LONG-RANGE FORECAST UHMI OF
TEMPERATURE, PRECIPITATION , PRESSURE
FOR NOVEMBER 2013, DECEMBER 2013,
JANUARY 2014, FEBRUARY 2014**

***Prof. V.F. Martazinova ,
Head of the Department of Climate Research and
Long-Range Forecasting***

Vazira@gmail.com

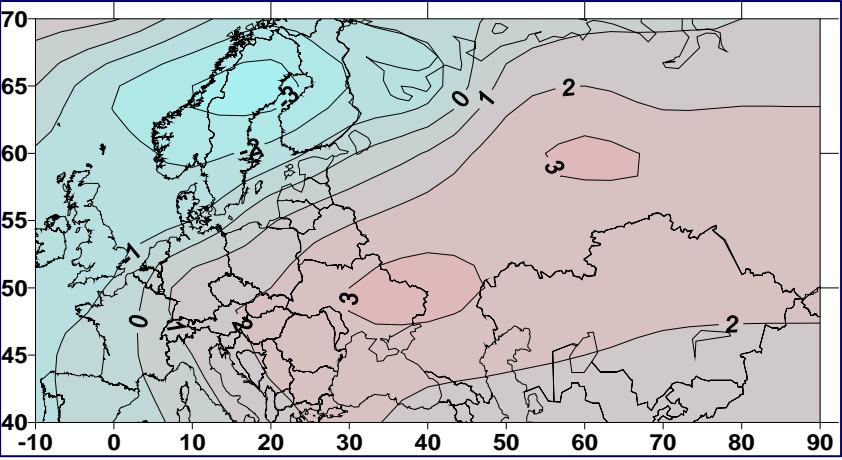

NEACOF-5
2013

The forecast UHMI of the anomaly of the mean month temperature

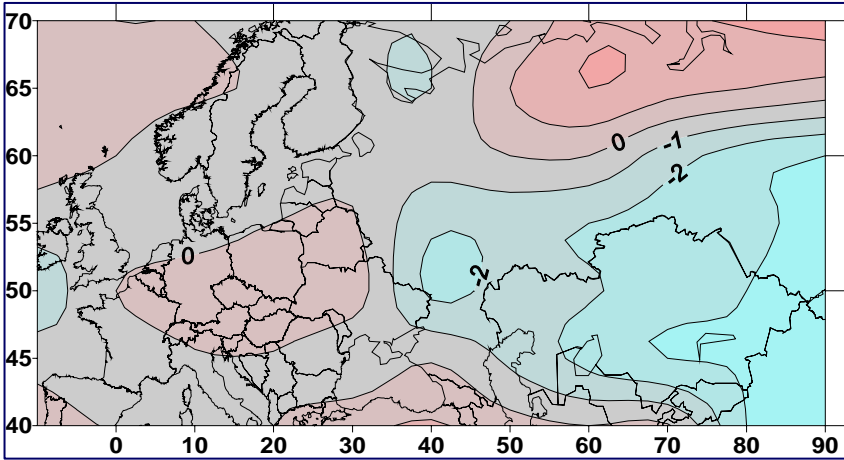

Department of climate research and long-range weather forecast of Ukrainian Hydrometeorological Institute
of National Academy of Sciences of Ukraine , State Hydrometeorological Service of the Ministry of Ukraine of Emergencies

21.10.13

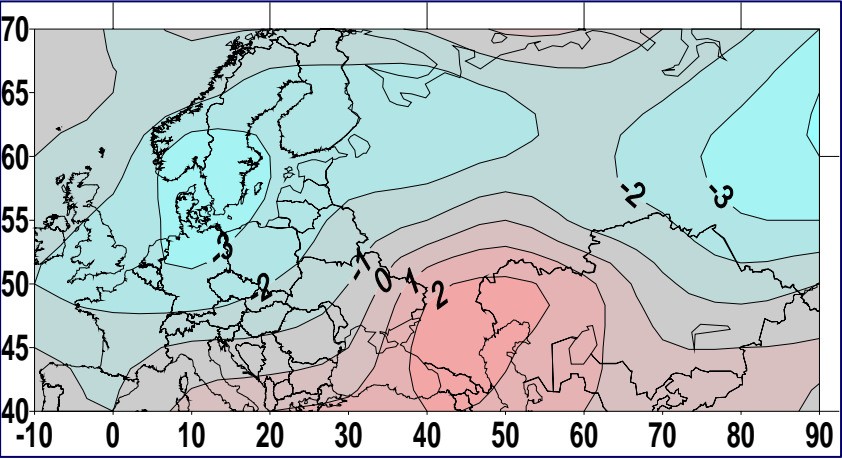

November 2013

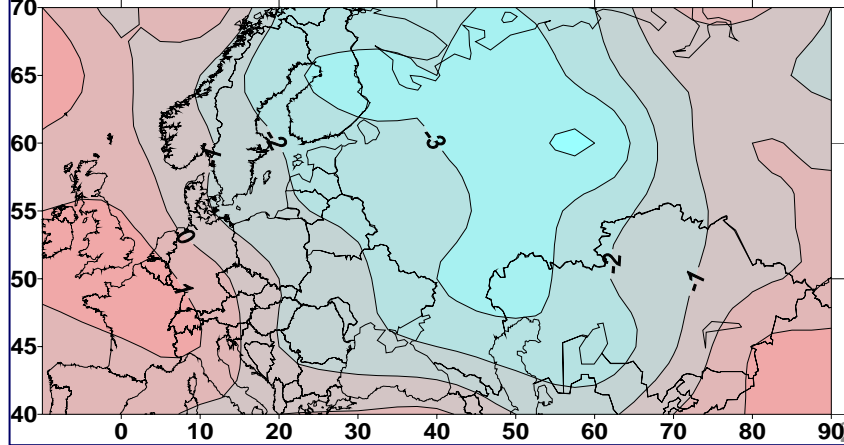

January 2014

December 2013

February 2014

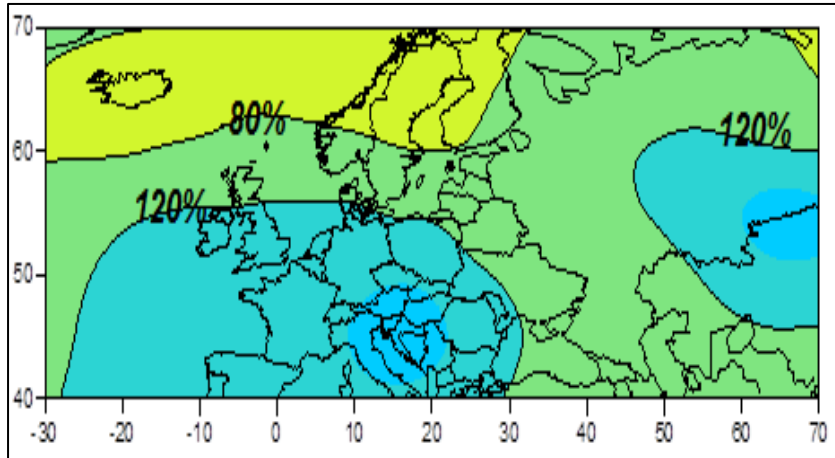

The Forecast UHMI of the month sum of precipitation (%)

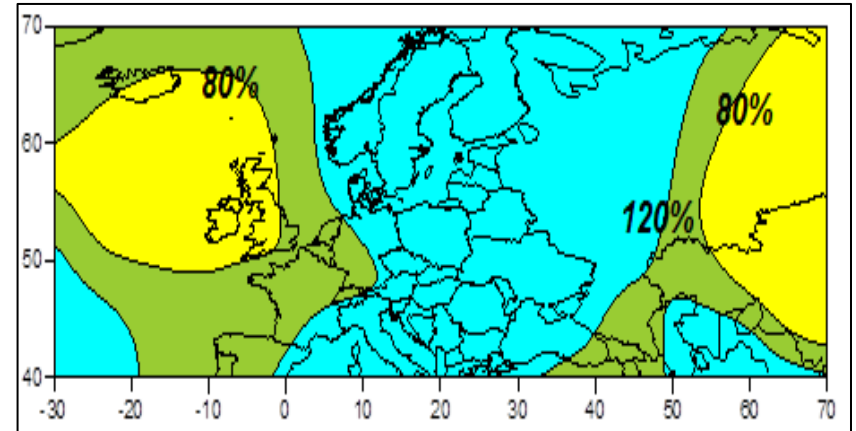

Department of climate research and long-range weather forecast of Ukrainian Hydrometeorological Institute
of National Academy of Sciences of Ukraine , State Hydrometeorological Service of the Ministry of Ukraine of Emergencies

21.10.13

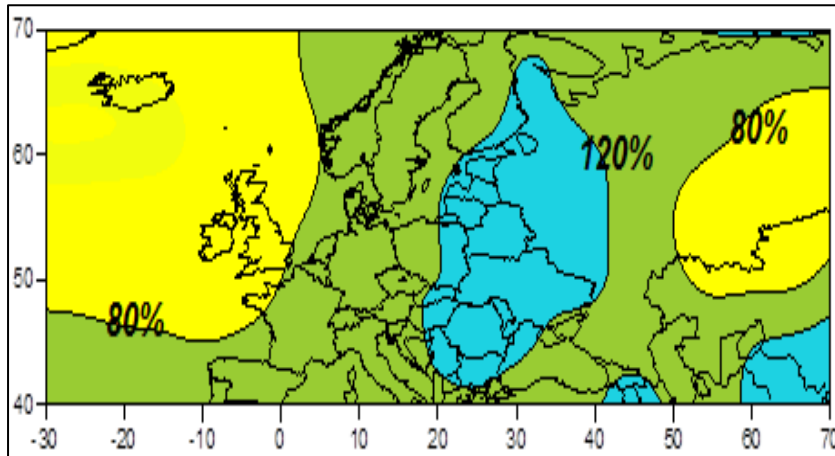

November 2013

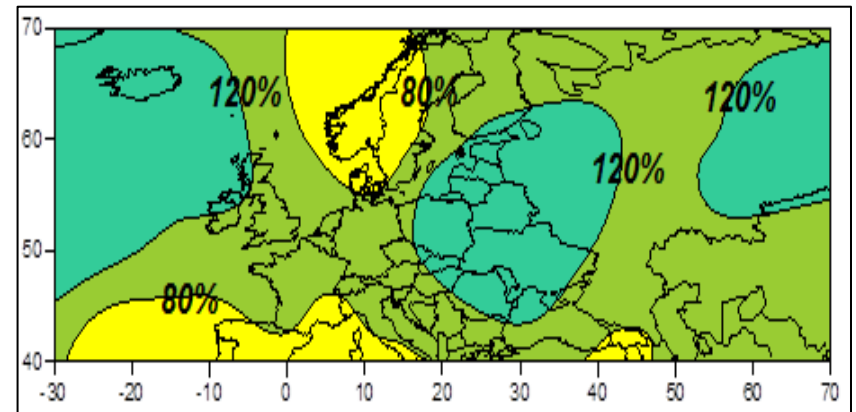

January 2014

December 2013

February 2014

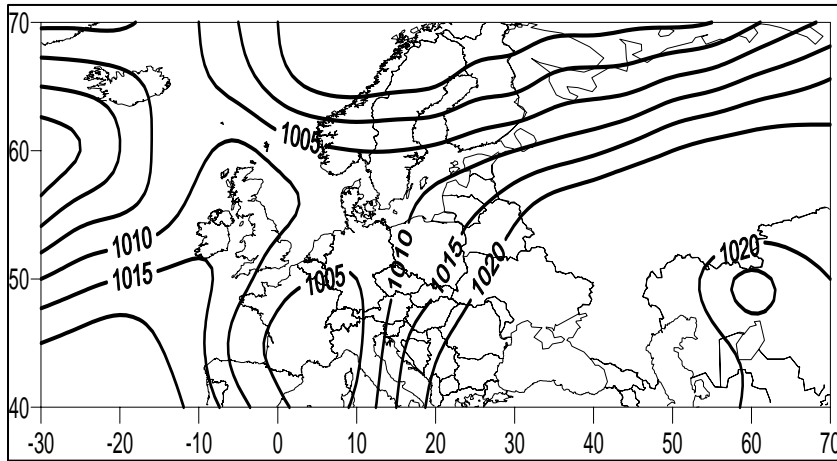

The forecast UHMI of the mean month field of pressure

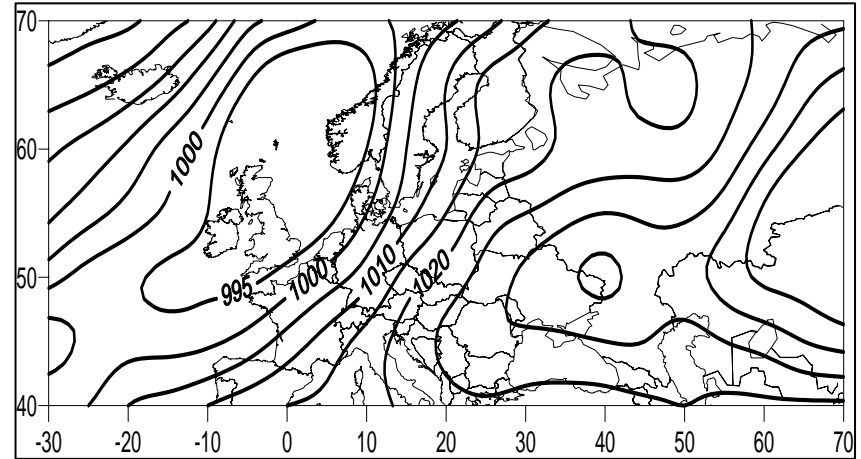

Department of climate research and long-range weather forecast of Ukrainian Hydrometeorological Institute
of National Academy of Sciences of Ukraine , State Hydrometeorological Service of the Ministry of Ukraine of Emergencies

21.10.13

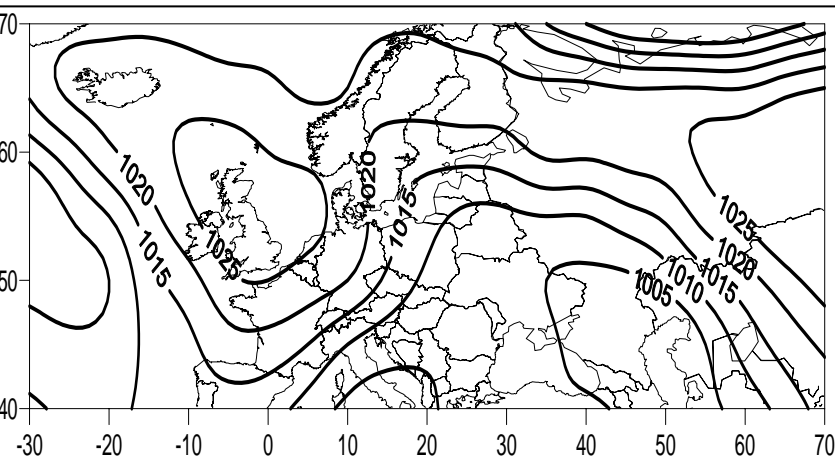

November 2013

January 2014

December 2013

February 2014
